# CATS ILLUSTRATED

---

**Judy has been filming North and Naya secretly!**

After getting to Judy's house, North and Naya, both breathless, readied themselves, and then came in to have a talk with Judy. Harvey was already up, and he was taking off his helmet and advancing menacingly on Judy, who had just appeared in the room. Max, Ice, and Maxine were trying to block Judy, but when Harvey got angry, no cat could stand in his way. However, North and Naya pulled Harvey away before things could get any worse. "Why are you here?" Judy asked, "and why did you break down my door. And more, how?"

"We should be asking the questions, because you were the one who told Naya that North had another date," Harvey told Judy, trying to advance

again. North and Naya let themselves fall back with a grip on Harvey, but he still advanced, carrying the weight of 2 medium sized cats. “Oh.” Judy said, “that.” Max looked at Judy, puzzled. “Is this about that new movie you were trying to film? Northy y Naya kitty?”

Naya’s jaw dropped. North’s dropped even lower. Harvey took the opportunity to slam Max against the wall. “What do you know about this movie? And are you helping to film it?” Harvey asked Max, who was feeling scared in the grip of Harvey. “Um, no.” Max managed to say, keeping most of the tremor out of his voice, “it’s a movie Judy is doing by herself. She has told many cats about it already, and she said that she got North and Naya to be the lead parts. Wait a second...” Max looked at Judy, who was squirming. “Judging from Harvey’s reaction to this, I don’t think you got North and Naya’s permission to film them. But you showed me all of those videos of them that you said was acting...”

Harvey, North, Naya, Max, Ice, and Maxine all turned on Judy. Together, they told her in a menacing tone, “filming someone without their permission is mean. Also, it’s against the law. Meddling with North and Naya’s relationship was another thing. But Judy, you need to make this right.” Judy

looked cowed. However, she had a defiant response. “Well, you can’t make me delete all of the film I already have. There are dozens of cats out there that have seen the trailer, and I’m going to make this into a movie, no matter what.” Harvey stopped. He did not like this issue at all. “Would you rather us file a lawsuit?” He told Judy, “We can’t physically make you delete your film, but the city can. Also, you’d have to pay a very large fine. How about that?” Judy stopped, and spoke. “I’m

keeping this film.” Max then came to a resolution. “I’m calling the police.” He said, and with that, Max dialed 9-2-2.

**“Judy can be so stubborn - however, some things can’t be let go of.”**
