# CATS ILLUSTRATED

---

The strange cat is loose in the world!

Since Mavis and Harvey have gotten back (yesterday, to be specific), our movie has really had sales. Harvey wasn't too happy that a computer chip had been recording him for his time in the strange, other place. However, he was pretty impressed when he saw our movie, and said that he would be the first one in the theater to see it (That's always true, because Harvey feels like there's never enough popcorn, so he goes in way early, buys some popcorn, and saves it for later. Then he'll buy more when the movie starts). However, a call has come in to say that Coffee has gotten a threatening letter, and is hiding under his blankets at night. Many older and more aggressive cats are saying that Coffee is still a sickly little kitten and that he is not fit to lead all cats. However, Harvey and Mavis know that the

strange cat is haunting Coffee's every move. So, cats don't quite have fair judgement of him.

Many cats are getting worried, because this strange cat seems very powerful. Naya has barricaded her house, and installed 10 more security cameras, a rocket launcher, 3 military guns, a wall of sharp spokes, and a deep moat after a very expensive purchase. Her house is the kind of thing that a military troop would feel safe in. However, no favors and bribing could get Naya the tank she wanted. Also, North was appalled when he saw Harvey's video of himself crazily driving a Jeep. North almost fainted. He immediately called the local Jeep dealership and bribed them to cut off sales for a week just in case. Harvey took a turn to be appalled, but reluctantly admitted that he was planning to steal North's savings and buy a Jeep.

Right now, the last thing that Mavis and Harvey want to do is deal with the strange cat problem. They want to spend time with their family, even though they were only gone for hours. It feels like a whole lot longer, though. However, Harvey and Mavis knew that they had to deal with the strange cat before they overthrew Coffee. This strange cat was going down.

- MAKENNA, WHO'S SCARED FOR A GOOD REASON

In Coffee's palace, all seemed well. Except for Coffee himself. He was very scared, and never came out of his room at night. The servants were forced to bring in a chamber pot for Coffee after 3 consecutive bed wettings. This is what you did for a kit, they grumbled. However, Coffee was a lot more mature than a kit. A kit would have been scared to death by the scratching out side Coffee's door. Also, the voices. Every night, Coffee heard voices. They were telling him that all hope was lost. They were telling him to give the throne to someone who could really lead. They told him that Harvey was gone and never coming back. Coffee was scared.
