

CATS ILLUSTRATED

All cats are celebrating at the defeat of the strange cat!

Since the strange cat's shadow form was decimated by the searchlights, all cats have been celebrating the strange cat's defeat. Harvey brought snacks, using what was left of his 1,000 dollar snack fund granted by Judy. The party was held in the palace, where Lunch had brought a crazy amount of food from Lunch's Luncheon. She was paying the chefs to work way overtime. However, every cat was very happy and content with the party and their win over the strange cat.

"Mavis brought enough cabbages to stock up my pantry for a month!" Says Lunch, who has observed Mavis putting together tables to put her cabbages on, "I guess Mavis thought that all cats would love cabbages

and come to her table. I guess Mavis still doesn't believe that she is the only one who can eat 3 cabbages in a minute." Mavis, alone at her stall, had already decimated 3 cabbages. I guess Mavis just thought, "more for me."

All of a sudden, a dance floor seemed to appear out of thin air in the middle of the palace's main hall. Also, cats started pushing a cat onto the dance floor. "Dance! Dance! Dance!" They chanted, as poor Judy was shoved out onto the dance floor. Judy was struggling. But by the time she was out on the dance floor, every one of the 250 cats attending the party had their eyes on her. Then, some electronic music seemed to play out of the ceiling. Judy looked around nervously, and then started something that looked like a robot's version of the Chubby shuffle. Judy started to get into the music, and then a voice rang out, quiet as if someone was trying to whisper but spoke into a microphone. "Am I the only one who thinks that cat's chubbies are tiny?" The voice said, and Judy stopped. A couple of cats chuckled.

"I know that's you, Rudy!" Judy shouted, and with that, she charged straight toward the part of the crowd where the voice had come from. The

crowd parted to reveal a surprised Rudy, who looked for a second fearful as she saw Judy, charging, chubby forelegs thumping the ground. Rudy charged too, her slightly larger chubby forelegs generating a speed slightly faster than Judy. However, with Judy's stronger momentum, the charges were equal. Rudy and Judy crashed into each other, and still dazed, tried to tussle. Harvey and Mavis immediately jumped on Rudy and Judy just in case. They would spend some time apart. However, apart

from Rudy and Judy's charges and insults to each other, that night at the palace might have been one of the best nights cats have ever had.
